BERLIN JOINT VENTURE BUILDING
CONSTRUCTION COMPANY

ABOUT US

Berlin Joint Venture Building Construction Company

Is a modern Kuwaiti construction firm that has grown rapidly since its establishment in 2022, with a paid-up capital of Kuwaiti Dinar **500,000**.

From its inception, the company set an ambitious vision to become one of the fastest-growing general contracting firms in the Kuwaiti market. **Berlin** provides comprehensive construction solutions for both the public and private sectors, supported by extensive expertise in design, construction, project management, and related engineering disciplines.

Today, **Berlin** acts as a main contractor for residential, industrial, and commercial projects, delivering value-added services with a strong commitment to quality, safety, and timely execution.

The company continues to uphold its reputation for reliability and excellence, driven by a professional team and adherence to international standards in construction and project delivery.

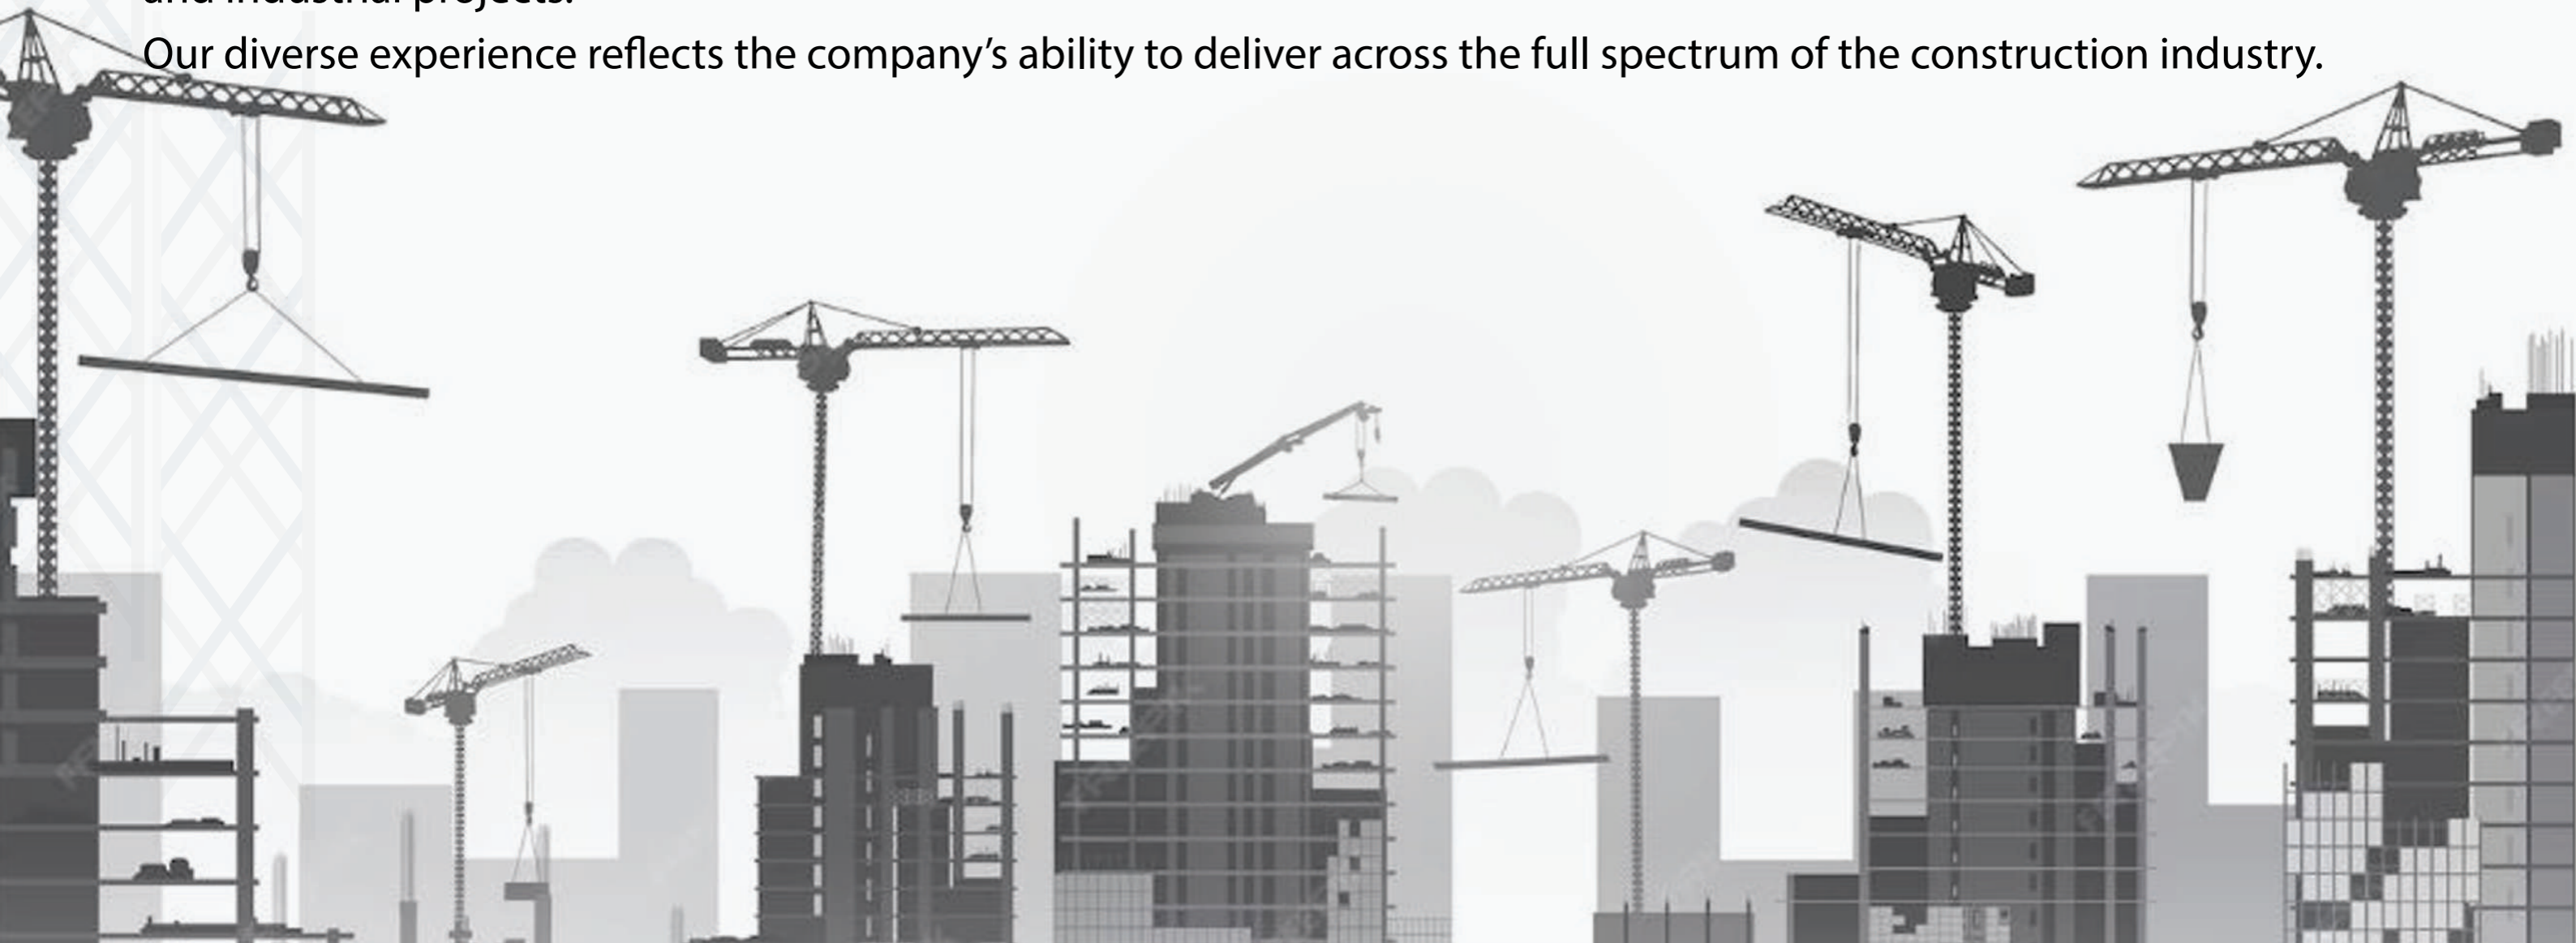

OVERVIEW

Berlin Co. has established a solid reputation for delivering top-tier contracting and supply services in Kuwait. With a culture built on innovation and a strong commitment to exceeding client expectations, the company has earned the trust and respect of its partners and forged strategic alliances that extend its reach into the international marketplace.

Since its inception, **Berlin Co.** has been dedicated to building long-term partnerships with some of Kuwait's largest organizations. We believe these collaborations form the cornerstone of our growth. By working closely with clients, partners, and suppliers, **Berlin** has successfully executed major governmental, residential, commercial, educational, and industrial projects.

Our diverse experience reflects the company's ability to deliver across the full spectrum of the construction industry.

CEO

MESSAGE

On behalf of

Berlin Joint Venture Building Construction CO,

I extend my warmest greetings. Founded in 2022 in the State of Kuwait, **Berlin CO.** has rapidly evolved into one of the most dynamic general contracting firms in the region.

Our success stems from a commitment to excellence and a drive to deliver projects that meet international standards. We have amassed a diverse portfolio of residential, industrial and commercial projects, supported by a team of more than 50 dedicated professionals.

At **Berlin** , your satisfaction is at the heart of everything we do we promise to partner with you from concept to completion, ensuring that every project adheres to the pillars of time, quality and cost. Thank you for entrusting us with your vision; we look forward to building a prosperous future together.

MISSION

Berlin's mission is to provide integrated contracting services that stand out for accuracy and reliability.

It is committed to delivering projects on schedule, at high quality and within agreed budgets.

The company focuses on understanding client needs and works as one team with partners and suppliers, adopting best engineering and management practices to ensure that the results meet or exceed expectations.

VISSION

Berlin aims to become the leading reference in the contracting sector in Kuwait and the wider region.

It strives to deliver high quality projects that exceed client expectations while promoting sustainable development.

The company seeks to build lasting trust with all stakeholders and to be a key partner in executing major projects across different sectors.

BERLIN'S SERVICES

Berlin's has extensive experience in executing a wide range of large-scale and diverse projects, including government projects, industrial facilities, residential developments, healthcare facilities, commercial complexes, educational buildings, entertainment & leisure projects, infrastructure networks, military and defense facilities, and various other sectors.

The company is distinguished by its broad expertise in delivering projects of diverse nature with a high level of professionalism and quality. Its areas of specialization include the following:

Structural Works

The company executes all types of structural works for buildings and facilities, starting from excavation and foundation works, through reinforced concrete works, and extending to the construction of concrete and steel structures, as well as residential, commercial, and administrative buildings, in full compliance with technical specifications and safety requirements.

Civil Works & Infrastructure

Berlin Contracting Company undertakes all civil and infrastructure works for various types of projects, including excavation, backfilling, and leveling works; construction of roads, plazas, and pavements; water supply and sewage networks; stormwater drainage systems; reinforced concrete works related to infrastructure; as well as the execution of service and government facilities in accordance with the highest approved technical standards.

Electromechanical Works (MEP)

Berlin Contracting Company provides integrated electromechanical (MEP) services, including electrical works; medium and low voltage systems; HVAC systems; mechanical and plumbing works; fire fighting systems; and low current systems, all implemented in accordance with approved engineering standards to ensure the highest levels of operational efficiency.

BERLIN'S SERVICES

Berlin's has extensive experience in executing a wide range of large-scale and diverse projects, including government projects, industrial facilities, residential developments, healthcare facilities, commercial complexes, educational buildings, entertainment & leisure projects, infrastructure networks, military and defense facilities, and various other sectors.

The company is distinguished by its broad expertise in delivering projects of diverse nature with a high level of professionalism and quality. Its areas of specialization include the following:

Interior Fit-Out & Furniture

The company provides comprehensive interior fit-out services for various projects, including the supply and installation of furniture; the full fit-out of offices, retail shops, hotels, and medical centers with all required services; interior space planning and coordination; and the delivery of integrated functional and aesthetic solutions that meet clients' needs.

Interior & Exterior Finishing Works

The company carries out interior and exterior finishing works for projects with high quality standards, in line with the requirements of clients and project owners. These works include flooring, walls and ceilings, painting and façade works, gypsum works and suspended ceilings, interior lighting, as well as integrated architectural finishes that combine high quality with aesthetic value, while preparing interior spaces to suit their intended use and project requirements.

BERLIN'S SERVICES

Berlin's has extensive experience in executing a wide range of large-scale and diverse projects, including government projects, industrial facilities, residential developments, healthcare facilities, commercial complexes, educational buildings, entertainment & leisure projects, infrastructure networks, military and defense facilities, and various other sectors.

The company is distinguished by its broad expertise in delivering projects of diverse nature with a high level of professionalism and quality. Its areas of specialization include the following:

Architectural Design

Berlin Contracting Company provides comprehensive architectural design services in both three-dimensional (3D) and two-dimensional (2D) formats. These services include preparing architectural designs and models, developing concepts and transforming them into realistic visual representations, preparing execution and construction drawings, as well as providing technical consultancy and architectural supervision, ensuring clear design vision and the delivery of optimal architectural and execution solutions for projects.

Renovation & Refurbishment Works

Berlin provides integrated solutions for renovation and refurbishment works of existing buildings, ensuring the improvement of their structural and functional efficiency.

This is achieved through rehabilitating buildings and facilities, repairing and strengthening structural elements, upgrading and developing finishes, and enhancing the overall appearance of the buildings.

WHY CHOOSE US

SERVICES THAT WORK FOR YOUR BUSINESS

Over the past decade, **Berlin Co.** has consistently demonstrated its capability to deliver a wide spectrum of services for projects of all types and scales.

What sets us apart is our commitment to providing timely, reliable, and distinctive solutions to our valued clients ensuring that every deliverable is completed and delivered on time.

Berlin Co. offers a comprehensive range of integrated professional Construction & Engineering services, each tailored to meet the unique requirements of every client.

Our expertise covers:

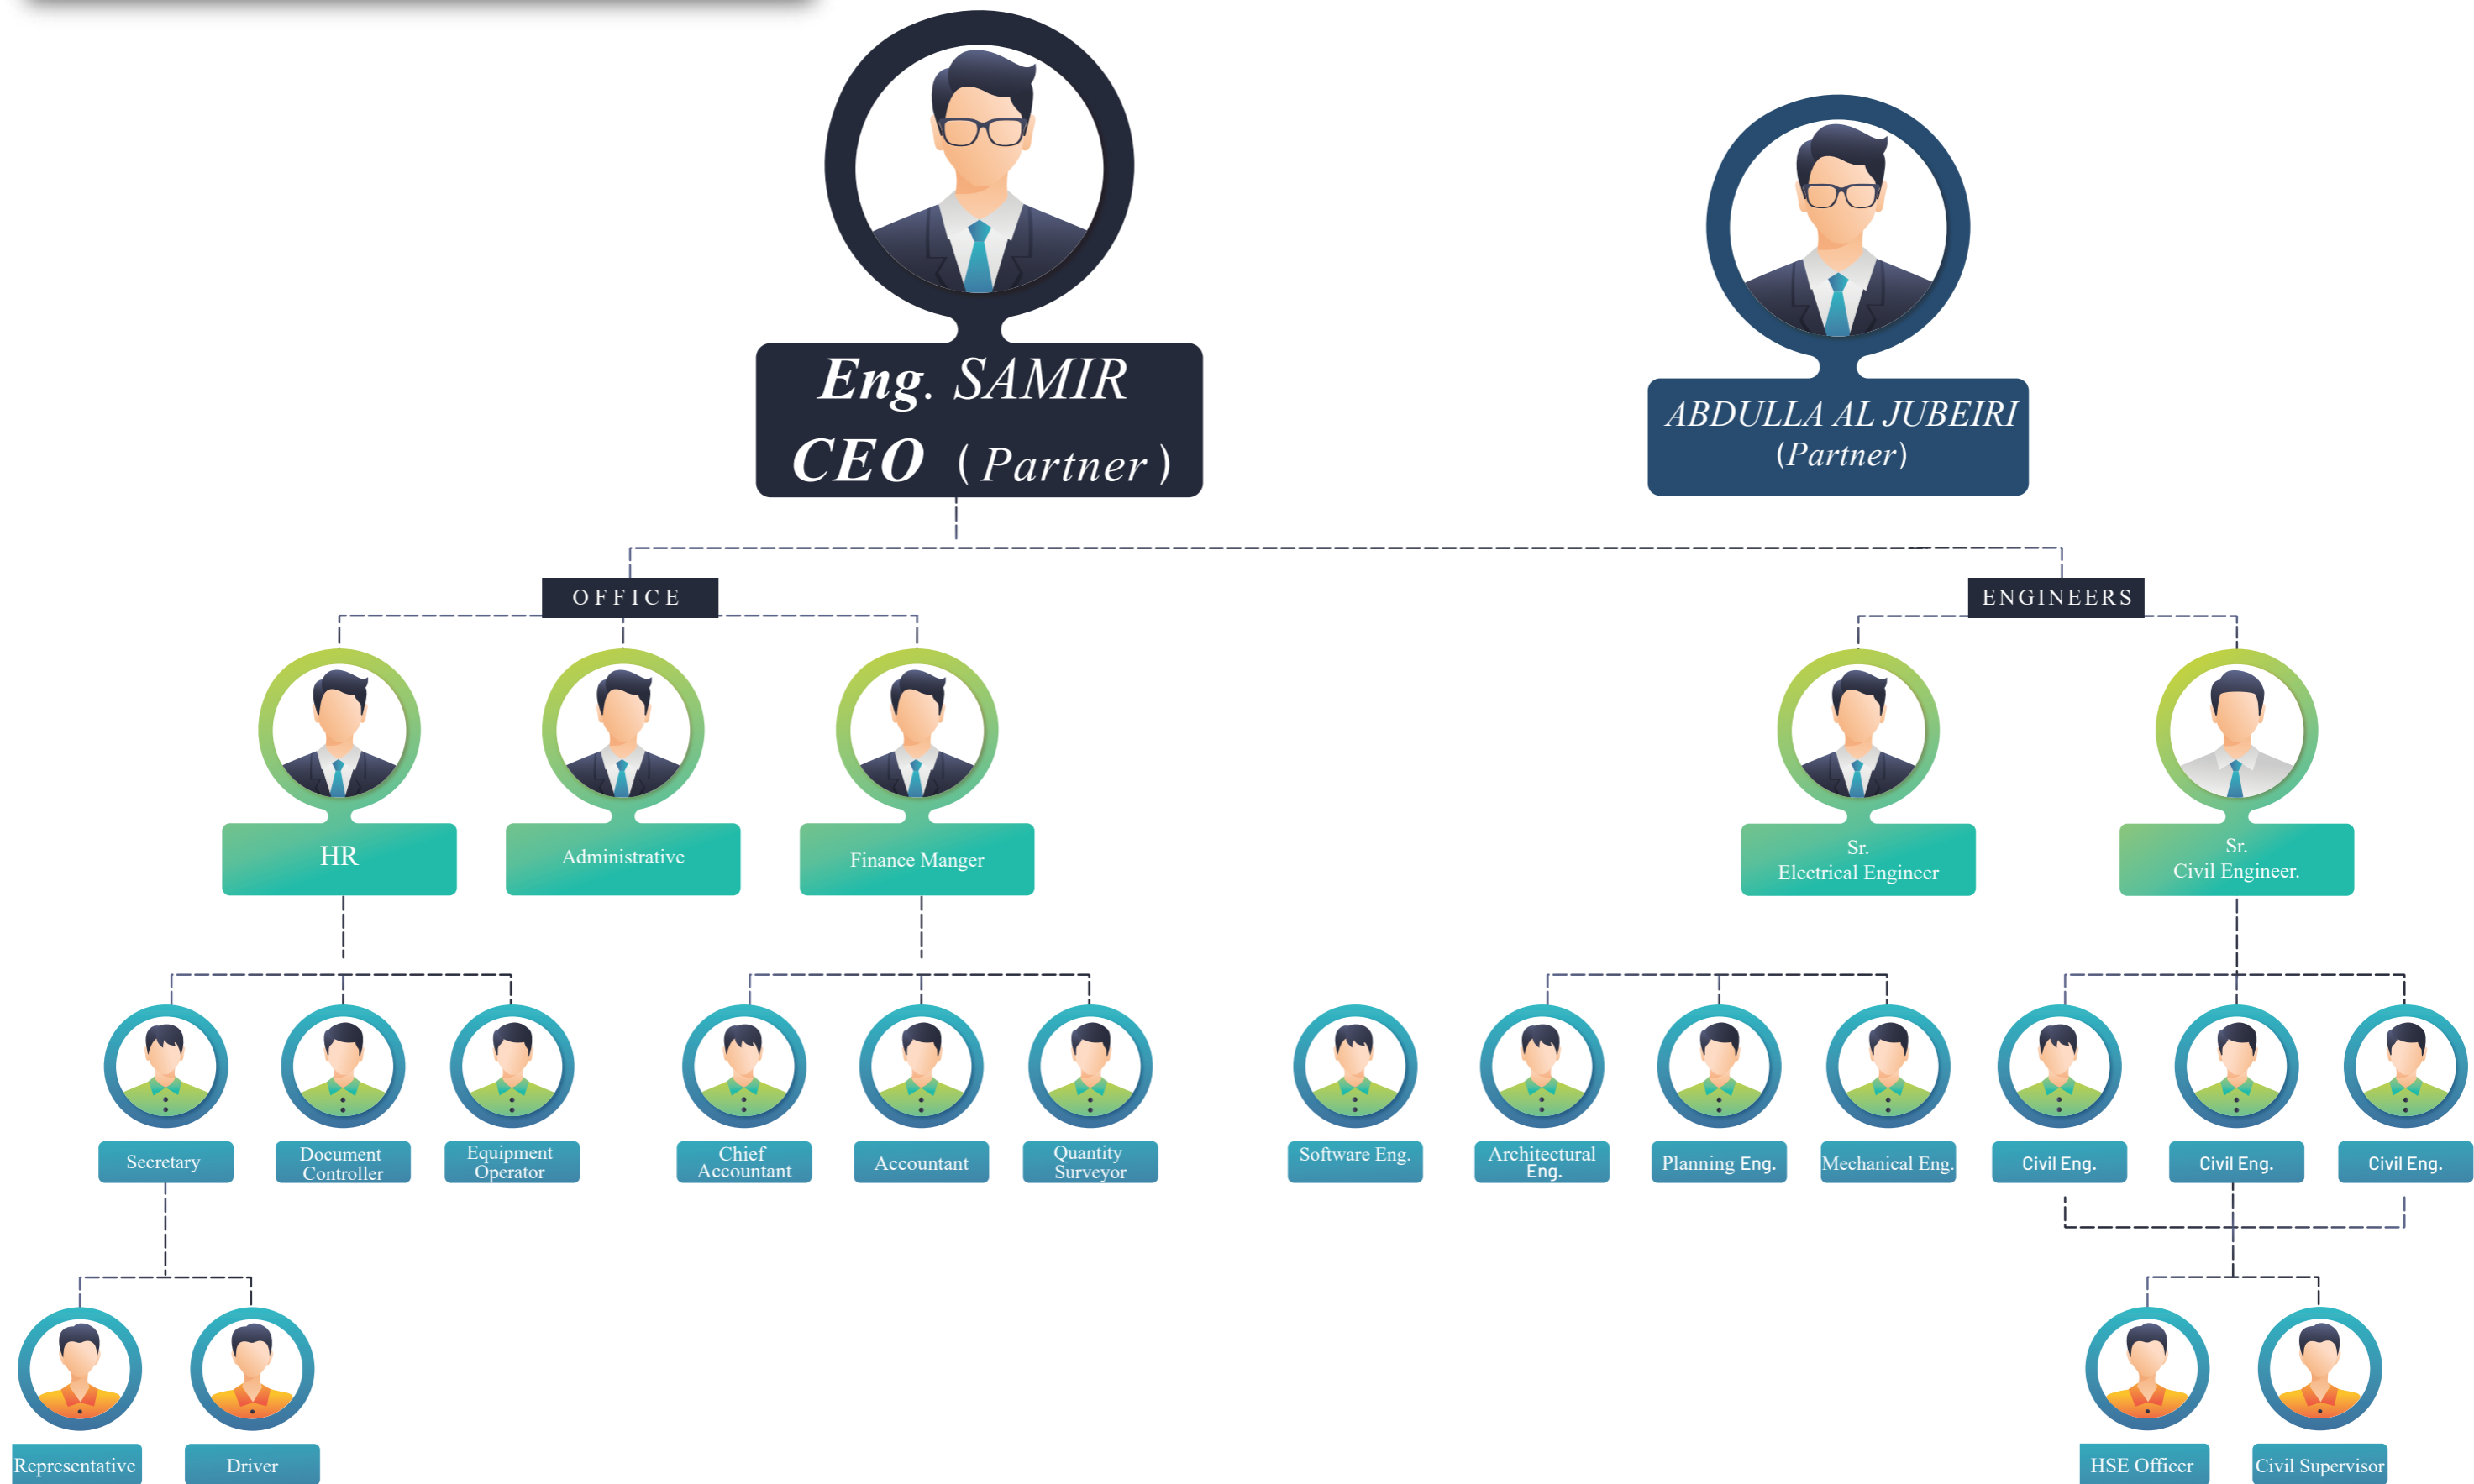

- Finishing and decoration works
- Supervision of electrical, mechanical, and electromechanical projects
- Road and bridge construction
- General trade, distribution, and supplies

Through our proven contracting techniques, procedures, and policies, **Berlin Co.** ensures that every project is implemented with the highest standards of precision and professionalism.

Our clients benefit from high-value, high-impact solutions and measurable, sustainable results that are shaped by their specific needs and guided by Berlin Co.'s best practices and extensive experience. Each solution is customized to achieve and exceed our clients' goals, objectives, and expectations.
